4. Legal Basis

If we are given consent to process personal data Article 6(1)(a) of the EU General Data Protection Regulation ("GDPR") serves as legal basis. Legal basis for the processing of personal data to initiate or perform a contract to which a data subject is party is Article 6(1)(b) GDPR. If processing is required for KSB to meet their legal obligations (obligations to preserve, for example), Article 6(1)(c) GDPR serves as legal basis. Personal data will also be processed to assert the legitimate interests of KSB and third parties under Article 6(1)(f) GDPR. 5. Consents and Revocations Procedure

In addition, the information under Part 1 also applies.

I. KSB Websites Provision and the Use of Cookies

Every time a user accesses a KSB website and every time a file on our website is retrieved, the KSB IT systems collect automated data and information from the retrieving medium and stores these in a log file on the respective KSB server. KSB websites use cookies. Cookies are files that are stored on the respective medium applied by the user. When accessing a KSB website, a cookie may be stored on the user's medium. Cookies allow a clear identification of the medium when the website is revisited.

1. Purpose of Processing

The data stored in log files is evaluated exclusively for statistic purposes. KSB uses cookies which are essential for the basic functions of the website. KSB uses functional cookies to make its website user friendly and to make the chosen content available again after a website change. Furthermore, KSB uses other cookies that allow for an analysis of user behavior on their websites. Log files and cookie data are not stored together with other personal data of users.

The use of these cookies is in our legitimate interest, namely to enable us to present a properly functional website. We also use functional cookies and tracking tools to optimize the use of our website and for advertising purposes. We only use such cookies if and when you have given us your consent to do so by clicking on "Save settings" on this banner. A click on "Settings" also enables you to manage the cookies yourself or to prevent their use altogether.

2. Data

In this regard, the following data may be collected:

- Information about the browser used (type/version) and the user's operating system,
- The user's Internet service provider,
- The user's IP address,
- Websites from where the user's system is directed to the KSB website (original link),
- Websites accessed by the user's system via KSB websites (follow-up link),
- Use of website functions, search words entered, and the frequency of pages visited,
- Date and time of access,
- Description of files retrieved,
- Volume of data transmitted and
- Access status (file transmitted, file not found, etc.).

3. Disclosing data to third persons

For the processing of personal data in the context of providing websites, KSB deploys other companies of the KSB Group within the EEA and third parties as processors. For web analyses and conversion tracking in the USA, KSB uses Google LLC., 1600 Amphitheatre Parkway, Mountain View, CA 94043, Meta Inc., 1 Hacker Way Menlo Park, CA 94025, Episerver Inc., 542A Amherst Street, Nashua, NH 03063 and LinkedIn Corporation, 1000 W. Maude Ave., Sunnyvale, CA 94085.

For web analysis and advertising purposes and the playing out of personalized information, KSB also uses the marketing services of Marketo EMEA Ltd, 4-6 Riverwalk Drive, Dublin, Ireland. Marketo EMEA Ltd. transfers the generated information, via use of the website by

the user, to Marketo's servers in Amsterdam, but the possibility cannot be ruled out that data will be transmitted to the USA. Information is collected by the website, e.g. via cookies, if you register for a webinar, contact us, subscribe to our email newsletter, download contents (e.g. white papers) or register for the use of our shop. Marketo collects information such as your location or your preferred means of communication if you voluntarily make it available. Where this information is not combined with personal data, it does not identify you or other users of the website personally.

For web analysis KSB also uses the marketing services of Hotjar Limited, Dragonara Business Centre, 5th Floor, Dragonara Road, Paceville St Julian's STJ 3141, Malta.

KSB also uses social media plugins of social network providers (pre-built links to the respective network) that, however, initially remain deactivated and do not transmit data to third parties. Only after the respective buttons are activated (first click) the data will be transmitted to these providers. Recommendations will only be transmitted with a second click. The providers are Google LLC. (see address above), as well as Meta Inc. (see address above) or Facebook Ireland Limited, Hanover Reach, 5-7 Hanover Quay, Dublin 2 in Ireland, and Twitter Inc., 1355 Market St, Suite 900, San Francisco, CA 94103 in the USA. You may prevent the collection and transfer of data within the context of social media plugins by not activating the respective buttons through clicking on them. You may prevent the further collection and transfer of your data by Google. For that purpose, Google LLC. provides the relevant information at: <https://tools.google.com/dlpage/gaoptout?hl=en>. You may also object to the further collection and transfer of your data by Facebook-Pixel and the processing thereof for providing Facebook-Ads. For that purpose please follow the instructions of Meta Inc. at: <https://www.facebook.com/settings?tab=ads>.

Data may be transmitted to servers in the US and processed there. The European Commission has not delivered an adequacy decision for the USA as required by Art. 45(1) GDPR. Google LLC., Meta Inc., Episerver Inc., LinkedIn Corporation, Marketo EMEA Ltd, and Twitter Inc. (addresses in each case above) use EU standard contract clauses, which means that transmission is permissible under Art. 46(2)(c) GDPR. KSB is sure that the personal data processed at KSB do not constitute any information to which US authorities have or require access. There is thus, in the opinion of KSB, no risk of inappropriate access within the meaning of *Schrems II* – Decision by the European Court of Justice (ECJ).

For additional information please send an email to info@ksb.com.

5. Legal Basis

The legal basis for the temporary storage of data and for cookies which are essential for the basic functions of the website is Art. 6(1)(f) GDPR. The temporary storage of data by the system is required in order to make it possible to present the website and to transfer retrieved files to the user's computer. The purpose of cookies is to simplify the use of the websites for the user; without the use of cookies, several functions of our website cannot be provided.

Functional and other cookies and other functions, in particular those for the analysis, optimization and economic operation of our online offering, which make it necessary to transfer personal data to third parties in the absence of any contract processing relationship, are used after your consent has been obtained pursuant to Art. 6(1)(a) GDPR, for example via the KSB cookie banner. KSB takes receipt of personal data only where you have given your consent to the transferring responsible entity, or where the transfer is on the basis of a contract between you and the transferring responsible entity or KSB, or where there is a legitimate interest in receiving the data (Art. 6(1) (a), (b) and (f) GDPR).

6. Storage Period for Log Files

Data for the presentation of the website are deleted after each session has ended. Log files are deleted upon expiration of statutory retention obligations, at the latest after 38 months.

7. Prevention of Cookies / Deletion

You may deactivate or limit the transfer of cookies through your Internet browser or Flash Player settings. The user may delete previously stored cookies at any time. In the event that cookies are deactivated, you may not be able to use all KSB website functions to their fullest extent any longer.

V. Information on data protection for KSB social media channels

We process your personal data when you visit KSB via social media channels. With our various social media channels, we want to offer you a wide range of multimedia services and share ideas with you on topics that are important to you. In addition to the respective provider of a social network, we also collect and process personal user data on our social media channels. In this chapter, we would like to tell you what data we collect from you in connection with our social media channels, how we use it and how you can object to the use of data.

1. Shared responsibility for processing on the social media channels

KSB also continues to be the data controller when processing your personal data when you access our social media channels. Due to the fact that the platform providers are also data controllers within the meaning of the GDPR for the processing of data on their platforms, we act as joint data controllers within the meaning of Art. 26 GDPR to this extent.

With these providers, we have concluded a joint responsibility agreement within the meaning of Article 26 GDPR, which highlights how the obligations under the GDPR have been distributed between us, in order to ensure that your data and your rights are fully protected at all times. Where such an agreement does not exist, we adhere to the basic distribution of obligations under the GDPR according to which both data controllers, KSB and the platform operator, remain fully obligated in each case.

With regard to the processing that takes place on the platforms, we hereby refer to the content of the respective data protection notices¹, which you can access via the following table. KSB has no influence on the processing of personal data in connection with your use of the platforms beyond the processing of personal data mentioned in this data protection notice.

Company	Platform	Special agreement according to Art. 26 GDPR in place?	Data protection notice
Facebook Ireland Ltd.	Facebook Instagram	Yes	Link
Twitter Inc.	Twitter	No	Link
LinkedIn Ireland Unlimited Company	LinkedIn	No	Link
Xing SE	Xing	No	Link
Google Ireland Limited	YouTube	No	Link

¹ We would like to point out that the notices occasionally reflect different views regarding the allocation of roles under the GDPR; this does not affect the protection of your rights.

2. Purpose of processing

Data processing serves the following purposes:

- Communication with KSB social media channel visitors;
- Dealing with enquiries from our KSB social media channel visitors;
- Collect statistical information on the reach of KSB's social media channels;

3. Data

We process the following personal data on social media channels:

- Your respective username on the platform;
- Comments or direct messages you leave on our social media channels;
- Information you make public on the platform – such as your gender, age or location data
- Your activity on our channel, such as the number and duration of your visits, interaction with content published by us, interactions with content published by other users;

For the rest, we refer to the privacy notices of the social media channels listed above.

4. Recipients

Within our company, only individuals and offices that require personal data to fulfil the above-mentioned purposes shall be granted access to this data.

We use Facelift Cloud (<https://facelift-bbt.com/en/>) as a management tool for managing our social media channels. Comments and messages you leave on our social media channels are transferred to this system and processed by our staff via this system.

KSB does not transfer the personal data listed here to other countries in the EEA. However, in order to be able to respond to comments and questions that we receive via the Facelift Cloud Tool, we may forward them within the KSB Group to the competent department to answer them. Depending on the subject area to which your comment or question relates, it may be necessary to involve a department in another EEA country. It is also possible that the providers of the social networks transfer your data to the EEA abroad. In this case, the security measures required under the GDPR are used to ensure that your personal data is always

fully protected, even in other EU countries. Please refer to the data protection information of the providers linked above. The transfer of data within the KSB Group to KSB subsidiaries in other EEA countries is secured via EU standard contractual clauses, so that a transfer may take place in accordance with Art. 46 (2) Letter c) GDPR. For further information, please send an email to info@ksb.com.

5. Legal basis

The legal basis for the processing is Article 6 (1) Letter f GDPR, unless explicitly stated otherwise. Our legitimate interest is to be able to respond to your messages or requests and to analyse the reach and use of our social media channels, in order to achieve an appropriate design and pursue a policy of continuous optimisation. Insofar as you wish to enter into a contractual relationship with KSB with your enquiry, the legal basis for this processing is Art. 6 (1) Letter b GDPR.

Insofar as cookies are used in the context of processing, we hereby refer to our section on cookies ([link](#)), as well as to the data protection information of the providers.

6. Procedure for objecting to processing on Facebook Insights

You can object to the processing of your personal data for legitimate interests by KSB or third parties at any time. If your objection is not directed solely against direct marketing by KSB, you must provide suitable justification that you are in a special situation which makes the processing of your personal data for legitimate interests unreasonable for you. The objection should be sent to: info@ksb.com.

Facebook has assumed primary responsibility for the processing of personal data via the “Insights” service offered by Facebook. This concerns the processing of Insights data and the enforcement of data subjects’ rights. Therefore, please contact Facebook directly to find out about any obligations under the GDPR in relation to the processing of Insights data. Although you can exercise your rights vis-a-vis us, we will forward your requests received by us in this regard to Facebook.

In addition, you will find information on your rights as a data subject and the exercising of these rights in our section on data subject rights ([link](#)), as well as in the data protection notices of the respective platform providers.

7. Storage period

Unless expressly stated otherwise (e.g., in a special declaration of consent), we will delete your personal data as soon as it is no longer required for the above-mentioned purposes, unless the deletion or blocking would violate our legal retention obligations (e.g. retention periods under commercial or tax law). Your messages sent via our social media channels will be deleted no later than 3 months after the end of the conversation, if your enquiry has been answered and there is no other reason to entitle or oblige us to retain said messages.

VI. Virtual KSB events

KSB offers virtual events on the Internet for the application of its own products and services. In addition to KSB's data protection information, the data protection information of the event platforms (e.g. ZOOM, Microsoft TEAMS and others) also applies. 3. Recipients of data

Your personal data will be processed by KSB SE & Co. KGaA. KSB uses processors (including communication platforms - see clause 1 in this section but also the information on KSB websites and use of cookies in part 2 section I clause 3). For the purpose of processing, these may be companies of the KSB Group of Companies but also third party companies in the EEA. Depending on the event platform, personal data may also be transferred to providers of event platforms who operate these platforms under their own, independent or joint

data responsibility with KSB. The data protection notices of KSB as well as those of the respective operators of the platforms apply. In particular, if these operators have their own responsibility, personal data may be forwarded to countries for which there is no adequacy decision by the European Commission within the meaning of Article 45 (1) of the GDPR (such as the US). In these cases, EU Standard Contractual Clauses and other safeguards apply (KSB assumes that the personal data processed at KSB does not constitute any information to which US authorities have access or require access), so that a transfer pursuant to Art. 46 para. 2 lit. c) GDPR may take place (Implementing Decision (EU) 2016/2297 of the European Commission of December 16, 2016). To assert any data protection rights and for further information, please send an email to info@ksb.com.

4. Legal basis

Insofar as we are provided with consent for the processing of personal data, Article 6 (1) a GDPR serves as the legal basis for this. When processing personal data for the initiation or performance of a contract with a data subject, Art. 6 (1) (b) GDPR is the legal basis. If the processing is necessary for the fulfilment of KSB's legal obligations (such as information and warranty obligations), the legal basis is Art. 6 (1) c) GDPR. Furthermore, personal data is processed to safeguard the legitimate interests of KSB and third parties in accordance with Art. 6 (1) f) GDPR. Legitimate interests are product and application information as well as product development and the marketing of KSB's products and services and the legally required documentation of business contacts (see also the information on KSB websites and use of cookies in Part 2 Section I Clause 4).
